We are a family run business, specialising in all aspects of keeping chickens. We are a small, friendly team. As we are a family business, we are available to discuss any requirements not only during the day, but also evenings and weekends. Our poultry housing comes in two forms. Our Express Range is made in the Far East and imported flat-packed. These can be easily transported via courier and are easy to erect. These are suitable for all chicken keepers and are very popular for small pets, too, such as Rabbits, Ferrets, Guinea Pigs and Cats. Our Deluxe Range is heavy-duty, British made in our workshop, and made to order. They are made in large panels for easy assembly and are sent out via a pallet courier. The Deluxe Range is

suitable for all poultry keepers and breeders, and we have a variety of units to look at.
